

Dear Members of the International Society of Renal Nutrition & Metabolism,

It is our great pleasure to invite you to KSN 2023 (43rd Annual Meeting of the Korean Society of Nephrology) which will be held at COEX Convention Center, Seoul, Korea from April 27(Thu) to 30 (Sun), 2023.

Under the theme "Save Kidney, Save All", KSN 2023 is designing the best possible program with high quality scientific sessions that will provide a great opportunity for participants to keep up-to-date with the latest research findings in various fields of nephrology, including Plenary Sessions with key opinion leaders in the global nephrology community and joint symposia with related societies.

In the ISRNM-KSN-KSCN joint symposium session, which will be held on 30th, April, 2023, the speakers from ISRNM, Korean Sarcopenia Working Group in Korean Society of Nephrology, and KSCN (Korean Society of Clinical Nutrition) will discuss nutritional managements in various situations, such as transition to dialysis from non-dialysis dependent CKD, sarcopenic CKD patients, and critically ill patients under continuous renal replacement therapy. In addition, lessons from multidisciplinary renal nutritional educational course (The TNT Renal Program) will be discussed. After joint symposium session, ISRNM-KSN MOU signing ceremony will be held.

ISRNM-KSN-KSCN Joint Symposium session – 08:30-10:30 30th April (Sun)
